RAFFAELE CHIULLI | President, SportAccord

Dear GAISF Members
Dear Sport Friends,

I would like to take the opportunity to thank you for your involvement in the seventeenth edition of SportAccord that took place in the beautiful city of Gold Coast, Australia.

It is with your energetic participation that so much was accomplished in the time that we spent together. I truly believe that the passion of our hosts was inspirational and led to such a strong collaboration. Our hosts have reinforced Gold Coast and Queensland as the place that meets the event needs of the Olympic and International Sports Federation movement.

The success of SportAccord 2019 proves the importance and commitment of our organisation to our Stakeholders and Members, delegates, exhibitors and partners involved in the business of sport. SportAccord will continue to adapt to the needs of our dynamic delegates and provide a platform that allows us to gather and move forward on the activities and collaborations crucial to the development of our sports, athletes and fans, ensuring a voice for everyone.

This would not have been achievable without the Australian and Queensland Government, Tourism and Events Queensland, the

International Olympic Committee alongside Stakeholders and Members, speakers, delegates, exhibitors, partners, media and the broader sports community in attendance. As a group with a common bond, they gather each year to utilise SportAccord as an influential stage to present and exchange ideas for the development of sport and are vital to our continued success. A special thank you goes to all our partners, in particular our Gold Partners.

We hope you enjoyed this year's SportAccord Summit which focused on The Future of Big Data and Analytics as we had the honour of hearing from H.E. Ban Ki-moon former Secretary General of the United Nations. His Welcome and the following sessions hopefully resonated with you and encouraged dialogue throughout the week on such an important topic for organisations embracing technology and change.

SportAccord 2019 in Gold Coast with the dedication and support of many was able to continue the promotion of sport in Australia. The SportAccord United Through Sports Festival provided the perfect opportunity to engage local youth through sport and will be remembered as one of the many highlights of SportAccord 2019.

I look forward to welcoming you all to the inaugural edition of the Regional SportAccord Pan America 2019 in Fort Lauderdale, USA and the 2020 edition of SportAccord in Beijing, China.

President, GAISF

Gold Coast provided an incredible setting for SportAccord 2019. Speaking to many of you during the event and subsequently after, I know that many meaningful and productive discussions were held and we are already seeing the fruits of these.

The GAISF General Assembly once again brought a close to SportAccord 2019, and I would like to thank the GAISF Council, as well as the entire staff team for their efforts during the week.

For me personally, it was a very special week where I became President of both SportAccord and GAISF. To have the unanimous trust of my peers and colleagues is very humbling and a great privilege, and I look forward to working closely with our Members and stakeholders as we enter a new and exciting era for sport.

GAISF's vision is to be the united voice of sports, and we can only succeed by listening to each other and working together. GAISF's role is to be the link between all Members, supporting a collective direction through a democratically inspired decision-making process, but also creating opportunities for International Federations to connect, to learn and to promote themselves on the global stage.

This is something we are committed to through our multi-sport games and, at the General Assembly in Gold Coast, we heard about updates regarding the World Urban Games Budapest 2019 and the World Combat Games, which will return in 2021. Staging these Games will be a team effort, and we need your support to make them a success. Through participation and promotion, multi-sport games powered by GAISF we can create a global platform to showcase world-class, international sport.

Through sport, I believe we develop a respect and understanding for each other's traditions and values. Working together we will foster this understanding, as well as supporting each other's efforts to look to a more sustainable future.

GAISF should lead the way into the future, based on improving governance, stability and sustainability, through a concentrated focus on our environment and the people watching and playing our sport.

However, one thing is clear, the passion for sport at all ages is alive and well. The Sports Festival was packed with young people trying out new sports and this is very exciting for all of us. By working together and investing in such projects, we can reach new fans all over the world.

I wish you every success in the months ahead and look forward to seeing you at SportAccord 2020 in Beijing.

WELCOME

**FRANCESCO
RICCI BITTI**
President, ASOIF

The Association of Summer Olympic International Federations' (ASOIF) priority is to represent and coordinate the common interests of our members, the Summer Olympic International Federations (IFs), and to ensure close cooperation between them and the various stakeholders of the Olympic and Sports Movement. Whilst we protect the authority and autonomy of our member federations, we operate within the Olympic Movement and are one of the stakeholders of SportAccord.

We believe that the 2019 SportAccord edition, held in Gold Coast, Queensland (Australia), was very successful and a proof that the event remains an important annual meeting point for the leaders of sport organisations and the wider sports industry.

Our late colleague and friend Patrick Baumann was missed and remembered dearly by all of us.

For ASOIF, 2019 SportAccord was an important platform to meet with all our members at the General Assembly and exchange with the International Olympic Committee (IOC) as well as the Tokyo 2020 and Paris 2024 Olympic Games Organising Committees. We also took the opportunity to discuss practical aspects related to the Youth Olympic Games 2022 in Dakar, Senegal, and how to best support the sports delivery.

Our ambition is to serve our member federations in critical areas. At our annual General Assembly this year, we held important discussions on the future of global sport, the role of International Federations (IFs) and on governance. These three aspects are all intertwined and by examining them at the same time, we aim to strengthen our member federations and help them tackle current and upcoming challenges in a fast evolving world.

We will continue to work closely together in order to be equipped for the future, for the good of sport!

**GIAN FRANCO
KASPER**
President, AIOWF

On behalf of the seven International Olympic Winter Sports Federations comprising AIOWF may we express our sincere thanks and compliments to the Organisers and Hosts in the Gold Coast, Australia for the excellent edition of SportAccord 2019.

This was the 17th staging of SportAccord and the first in the Southern Hemisphere and over time, our annual Gathering of all International Sports Federations has now extended its reach to include many key stakeholders from all facets of Sport. The second year of the SportAccord Sport Festival to engage the local youngsters with all our sports has shown itself to be a highly welcome addition to the programme too.

Last winter season saw the focus of each of the seven International Federations on the activities around their own IF World Championships and season-long World Cup series with one eye already fixed on the preparations for the Beijing 2022 Olympic Winter Games, which are already in full swing.

SportAccord Gold Coast 2019 provided the usual much-appreciated convenient meeting opportunities with existing institutions, organisers, host cities and partners, as well as networking with a wide range of SportAccord exhibitors and delegates. The well-appointed facilities and set-up in the Gold Coast Convention Centre, along with the helpful and efficient staff enabled the AIOWF General Assembly and all the other meetings to run very smoothly and effectively.

SportAccord and the platform it provides the AIOWF Members is increasingly valuable to enable us to maximise the time interacting with the entire sports movement.

We very much appreciate this opportunity of exchanging experiences and knowledge with fellow members in ASOIF, ARISF, AIMS and GAISF in pursuit of our shared objective to serve sport.

President, ARISF

Every moment of every day, millions of people are taking part in sporting activities that are managed by the Sport Federations Members of ARISF, the Association of IOC Recognised International Sports Federations. Our global movement was founded in Switzerland in 1983 and is constituted through and recognised by the International Olympic Committee (IOC).

ARISF has the role to actively unite, support and represent the interests of the International Sports Federations which have been granted recognition by the International Olympic Committee as per the Olympic Charter. ARISF represents these Federations collectively as one of the pillars to the Olympic Movement and promotes the Olympic spirit through the sports which they govern. Through ARISF, the Member Federations maintain an effective dialogue with the IOC and with other sports organisations on matters of common interest. Furthermore, ARISF serves as the forum for its Member Federations to exchange know-how and expertise in all aspects of sports governance and is an important stakeholder of SportAccord. With the Olympic Agenda 2020 now in place, ARISF is building its strategic roadmap for the future, aligning it with the Olympic Movement to strengthen sport in our society

Currently 42 International Sports Federations are members of ARISF. who together regroup over 3,800 National Sports Federations and is represented in all countries and regions of the world. Over 1.3 billion people in the World are practicing an ARISF sport: they cannot be wrong.

STEPHAN FOX
President, AIMS

On behalf of AIMS it is my greatest honour to congratulate SportAccord, GAISF, Queensland Government and Tourism & Events Queensland for a truly fruitful and hospitable 17th edition of SportAccord 2019 on the beautiful Gold Coast.

Pierre de Coubertin dreamt of changing the world through sport and believed, as we all do in the power of sport and the universal language that is full of positive values. The Gold Coast event was a great example that together we can make a positive difference if we work as a united team joining our resources. I truly believe when we understand how to work together, unity becomes strength. SportAccord 2019 was held in close proximity to the United Through Sports festival ground and together with the unique diversity of Australia and hospitality, it was the perfect formula for success.

What started with an idea in August 2017 saw the inauguration of United Through Sports at the 2018 SportAccord in Bangkok. Now after the success of the Gold Coast United Through Sports Youth Festival, it has now become an integral part of the convention bringing the sport back into the accord.

The AIMS family is proud to have started this initiative and would like to thank SportAccord for believing and supporting in the vision, the GAISF family for their support and certainly the IOC for not only giving patronage but also personally being involved. Thank you to the Australian Olympic Committee for their contribution of the Olympics Unleashed program.

It could not have been accomplished without the incredible support of Queensland Government, the City of Gold Coast, the indigenous community, all the sports and most importantly the youth who participated. This festival was about inclusivity, equality, non-discrimination, friendship and fun. It gave an opportunity for youth to be able to experience new sports, promoting Olympism encouraging an active society, peace and hope. It reminded us all the responsibilities we have towards our youth. The festival conferences brought the leaders of sport together and the opening ceremony left us all with fond memories as the youth of Australia warmed our hearts.

We look forward to SportAccord 2020 in Beijing, where United Through Sports will continue to uphold and form new alliances and partnerships between sports, Olympic and Non-Olympic, to continue promoting a philosophy of life based on the values of excellence, respect and friendship. Thank you once again to everyone who has contributed to United Through Sports Youth Festival 2019.

WELCOME

NIS HATT
Managing
Director,
SportAccord

Thank you very much for attending the 17th edition of SportAccord which included a busy week of institutional meetings, networking functions, workshops, conferences, exhibition, as well as the opportunity to connect with the wider sports community and those involved in the business of sport. This edition of SportAccord was a special one as Dr. Raffaele Chiulli was named President of both SportAccord and GAISF during their respective General Assemblies.

I hope you all had a chance to make the most of your time in beautiful Gold Coast and were able to embrace the sporting culture during your time with us. The feedback we have received from the International Olympic Committee, stakeholders and international sports federations, delegates, partners, exhibitors, speakers and media has been very positive and reiterates the importance of SportAccord in the sport business calendar. With this, SportAccord continues to be THE ONLY PLACE by bringing colleagues and friends to one location, to connect and share knowledge and best practices within the sports movement and industry.

The SportAccord Summit and the specialised "Accords" continue to meet the needs of our international federation and industry specific delegates and was underpinned by this year's theme of 'The Future of Big Data and Analytics'. This year we saw another very successful United Through Sports conference and dynamic SportAccord Sports Festival embracing and engaging Queenslanders of all ages and delegates alike.

Our appreciation and sincere thanks go out to the Australian and Queensland Government, Tourism and Events Queensland, as well as to our enthusiastic volunteers. In addition, a special thanks to our stakeholders, international federations, the broader sports community, and for the unwavering support of the International Olympic Committee, as all played a crucial part in making SportAccord 2019 one of the best to date.

I look forward to welcoming you to the Regional SportAccord Pan America 2019 in Fort Lauderdale and SportAccord 2020 in Beijing.

ANNUAL REVIEW

GAISF

GLOBAL ASSOCIATION OF INTERNATIONAL SPORTS FEDERATIONS

The GAISF 2019 General Assembly was held in Nur-Sultan, Kazakhstan, to feedback on a number of key areas. GAISF is working to improve the lives of our Members, for the good of the world.

RAFFAELE CHIULLI ELECTED

Raffaele Chiulli was unanimously elected as President of GAISF by the Members during the General Assembly. He will lead the organization for a two-year mandate.

Dr Chiulli had previously served as President of ARISF and Senior Vice-President of UIM. He has a long history of leadership in sports and as ARISF and UIM President, he has worked for the future of the organization and to ensure its success and protect the common good. He is committed to transparency.

WORLD COMBAT GAMES

GAISF announced that the World Combat Games 2021, taking place in Nur-Sultan, Kazakhstan, in May, 2021, this announcement is a key part of the planning.

The next step is to finalise the details of the event. It is an exciting time for GAISF's

General Assembly was an opportunity to discuss a number of important initiatives that will be implemented, in cooperation with its various stakeholders, for the good of global sport.

NEWLY ELECTED GAISF PRESIDENT

Chiulli was unanimously elected as GAISF President by the General Assembly, immediately beginning his duties.

Chiulli served as GAISF Vice-President since 2015 and has been a member of the Board since 2016, and will remain in his roles in the new administration. President Chiulli laid out his vision for the future of the organisation, working to represent, promote and protect the interests of Members with integrity and transparency.

WORLD URBAN GAMES – NUR-SULTAN 2021

The World Combat Games will return in Nur-Sultan, Kazakhstan. Due to take place in 2021, the event's placement was a result of many months of negotiations.

While the sports programme is very diverse, it is a very interesting mix of multi-sports events.

WORLD URBAN GAMES – BUDAPEST 2019

After announcing Budapest as the host city for the inaugural World Urban Games earlier this year, the General Assembly received an update on preparations for the event.

GAISF has now conducted a number of site visits and is working closely with the Local Organising Committee and International Federations to finalise the sports programme.

GOOD GOVERNANCE REPORT

Trust Sport Founder Rowland Jack delivered a thorough overview of the Good Governance survey carried out by GAISF for ARISF and AIMS members at the end of 2018.

The report indicated areas of strength and weakness for all IFs and the overall report is now available on the GAISF website. Each ARISF and AIMS member also received its own individual report.

GAISF is now working with IFs to implement the changes necessary to ensure the governance of each federation meets the impeccable standards that global sport both requires and deserves.

In addition, there were also special reports from the International Basketball Federation (FIBA), the Olympic Channel and the International Testing Agency (ITA), as well as an update on GAISF's anti-doping sport initiative.

ANNUAL REVIEW

ASOIF

ASSOCIATION OF SUMMER OLYMPIC INTERNATIONAL FEDERATIONS

Since its foundation in 1983, ASOIF's role has been to serve and represent the Summer Olympic IFs in the most competent, articulate and professional manner on issues of common interest in the Summer Olympic Games and the Olympic Movement.

The 2019 SportAccord saw our members convene at our annual General Assembly, where we held important discussions on the future of global sport and the role of International Federations (IFs), following the launch of our dedicated report in February. The reactions from our member federations were very positive and a number of them stated that the report recommendations had gained momentum within their organisations and will be discussed at their upcoming Executive Board meetings. On ASOIF's side and as a direct follow-up, we will focus on our ongoing project Role of IFs which strives to reinforce the IFs' role as the world sports governing bodies, as the interactions with both public authorities and private business continue to grow. To start with, we aim for more proactive Structured Dialogues with the European Commissions.

On the topic of IF governance, ASOIF members agreed on the procedure of the third governance review, to be conducted between late 2019 and early 2020, with the declared objective to see at least 26 of the 28 ASOIF Full Members score 120 points (out of a maximum of 200 points). In order to support this process, the ASOIF Governance Support and Monitoring Unit (GSMU), established in late 2018, will continue to help IFs achieve progress in good governance.

With next year's Olympic Games in Tokyo approaching, our member federations were able to discuss some outstanding issues face-to-face with the organisers. They also approved the Olympic revenue distribution model.

In addition, the General Assembly elected Marisol Casado (International Triathlon Union), Ingmar De Vos (International Equestrian Federation) and Morinari Watanabe (International Gymnastics Federation) as Council members for a four-year term of office.

“We held important discussions on the future of global sport”

AIOWF

ASSOCIATION OF INTERNATIONAL OLYMPIC WINTER SPORTS FEDERATIONS

The AIOWF General Assembly was held at the Gold Coast during the SportAccord in Australia. The 2019 General Assembly in the Southern Hemisphere was a success that enabled the membership to meet for the first time in 12 months and plan for the upcoming period.

The statutory agenda item was the enabling the main focus of the meeting on thorough reports and information from the National Olympic Committees and Departments for Sport, the International Olympic Channel. The Beijing 2022 Olympic Games Organising Committee presented the presentation and status update on the Lausanne 2020 Youth Winter Olympic Games, the International Testing Agency, and Arbitration for Sport CAS, featuring.

The main item during the year was the official presentation for the Olympic Winter Games.

The main common focus for the Winter Federations over the last 12 months has turned to the Beijing 2022 Olympic Winter Games with impressive advances undertaken over the past 12 months. This winter will see the first official Test Events take place, which continue across all Sports through to the Games.

Governance activities are a priority for the Winter IFs and the second edition of the Governance Review was conducted last year alongside our Summer IF colleagues to who we wish to express our thanks for sharing the questionnaire and valuable platform. This important task is proving to be a helpful tool, not only in assessing our respective status, but also with sound advice and best practice models to assist guide the work. The 3rd edition of the Governance Review will be undertaken later this year and we expect to see further improvements.

The Lausanne 2020 Winter Youth Olympic Games will be a key event for all the young athletes next winter season at the turn of the year. Last season saw a number of successful training events taking place in the respective

competition venues and the preparations are advancing towards next January's third edition of the Winter YOG.

The AIOWF Member IFs are very much looking forward to SportAccord Beijing 2020 next year, which will prove to be another valuable stepping stone on the pathway to the Beijing 2022 Olympic Winter Games. Notably, with the actual location for SportAccord 2020 in the Beijing Olympic Park that is being transformed to host the Olympic Village, Ice Sports and Broadcast Centre, the entire Sports Movement will witness the adaptation of the Summer Games 2008 facilities to serve the Beijing 2022 Olympic Winter Games.

May we commend the Hosts and Organisers at SportAccord Gold Coast 2019 for an excellent event and the warm hospitality. Similarly we would like to acknowledge the collaboration and interaction with our colleagues at ASOIF, ARISF, AIMS and GAISF and wish newly elected GAISF and SportAccord President Raffaele Chiulli a successful mandate leading the organisations.

F Council had a constructive meeting before al Assembly where we have discussed how to e scope, reach and recognition of our International s within the Olympic Movement and create a e governance model.

il also discussed the development and ation of synergies with GAISF. This year we have RISF Strategic Plan and we have issued a new rder to refresh the ARISF strategy. I was very t the Council Meeting and the General Assembly ed by the IOC Sports Director Kit McConnell am with whom we have developed and excellent

cooperation in the overall interest of all our stakeholders.

I would like to welcome the 4 new IFs to ARISF – IceStock Sport, Sambo, Kickboxing and Lacrosse. Congratulations for your efforts and welcome to ARISF family. As I speak for all our ARISF members we express our special thanks to the IOC President Thomas Bach for his presence at the ARISF General Assembly 2019.

At the Convention we as the whole ARISF Council had a cordial and productive meeting with the IOC President, the vice-presidents and top management , to further strengthen our cooperation. We also had a very fruitful Sport Participation Strategy workshop, which was very much interactive and productive, and where all our IFs gave their concrete contribution.

Let me conclude by thanking all of you for the ongoing support and valued collaboration and I would like to ensure you that we will continue to constructively work in the overall interest of our Sport Family with a smile, which nowadays it is not negligible.

SPORTACCORD

SportAccord is a not-for profit global sport business event organisation focused on driving positive change internationally and dedicated to engaging and connecting; international federations, rights holders, organising committees, cities, press and media, businesses and other organisations involved in the development and business of sport.

SportAccord events annually bring together representatives from more than 100 international sports federations affiliated with the following umbrella organisations: ASOIF (Association of Summer Olympic International Federations), AIOWF (Association of International Olympic Winter Sports Federations), ARISF (Association of IOC Recognised International Sports Federations), AIMS (Alliance of Independent Recognised Members of Sport), GAISF (Global Association of International Sports Federations) and Associate Members. In addition, SportAccord receives the full support of the International Olympic Committee.

SportAccord is responsible for hosting the following three events focused on the development and business of sport:

SportAccord World Sport & Business Summit annually brings together international sports federations and organisations involved in the business of sport and is attended by leaders of the global sports community. It engages international sports federations, athletes, industry, rights holders, organising committees, cities, government, agencies,

media, technology, legal teams, medical professionals, inventors, and subject matter experts – represented at the highest levels. SportAccord is an international sport convention hosted over a week, combining an exhibition area, a themed conference programme and a multitude of networking events. SportAccord 2020 will take place in Beijing, China (19–24 April 2020).

Regional SportAccord brings together international sports federations and organisations involved in the business of sport for their region. The three-day event is attended by international sports federations and regional leaders of the sports community. Regional SportAccord is aimed at international sports federations, cities/regions and ministries, rights holders, subject matter experts, media and industry – represented at the highest levels. This will be facilitated by the intimate, exclusive, and interactive design of the exhibition, featured areas, conference, workshops, social, cultural and networking activities. Regional SportAccord Pan America 2019 will take place in Fort Lauderdale, USA (10-12 December 2019).

International Federation (IF) Forum takes place annually and targets the specific needs of the Olympic and International Sport Federations movement with focus on sharing best practices and knowledge. The event is open to international sports federation members from ASOIF, AIOWF, ARISF, AIMS, GAISF and its Associate Members. International Federation (IF) Forum 2019 will take place in Lausanne, Switzerland (28-30 October 2019) and is a Forum for the IFs, by the IFs.

HOSTING WINNERS

In 2015, the UN adopted the 17 Global Goals for Sustainable Development that aim to solve many of the world's biggest problems before 2030.

In 2017, the Danish government adopted a national action plan aiming to address the Global Goals.

Now, Sport Event Denmark would like to discuss the contribution we can make to the Goals when hosting sporting events.
